

Meta Robots 1.4

Overview

Add more Meta Robots options to Joomla Metadata parameters.

Installation

1. Download Meta Robots from the RicheyWeb download page.
 - This page will remain unlinked, as the link may change in the future. Visit <http://www.richeyweb.com> and use the search feature - search for "Meta Robots".
2. In Joomla /administrator, go to the "Extensions" menu, the "Manage" sub-menu, and the "Install" sub-menu.
3. Select the "Upload Package File" tab
4. Press the "Choose File" button to browse your system and locate the plugin file you downloaded
5. Press the "Upload & Install" button

At this point, the extension is installed but not enabled. You can find the plugin by going to the Extensions menu and selecting "Plugins". When in the plugin manager, search for "Meta Robots".

Configuration

The plugin has no configuration options. Enable and enjoy the additional robots options in Global Configuration, Menu Item Edit and Article Edit screens.
